# THE BEAUTY OF MADE IN CHINA

"The Beauty of Made in China" is a national competition of industrial designs. There is a gap hard to fill between design organizations and small and medium-sized enterprises currently in China. The competition is expected to build a platform to realize mutual communication between the two.

"The Beauty of Made in China" this year is co-hosted by China Industrial Design Association, Southern Weekend and Made-in-China. CIDA, as an industrial authority, is the only national industry organization within the field. Made-in-China is the third largest domestic B2B website aimed to help upgrade tens of millions of its members. Southern Weekend, as a popular newspaper with great credibility, guarantees the seriousness of the whole competition.

Our purpose is to break the traditional concept of "Made in China" and to promote the product upgrade of small and medium sized enterprises. This will in turn help Chinese products to win the bargaining power in overseas markets. We've therefore made several efforts: we invited senior designers to give practical lessons about industrial design and industrial docking to participating enterprises; we'll interview renowned designers to collect practical and helpful design news; we'll also provide an opportunity of face-to-face communication for designers and the SMEs at The Summit Forum on Innovative Development of China's Manufacturing Industry.

All participating enterprises could get further information about industrial design and apply to practice during the process. In this way, it's easier for them to demonstrate their advantages and to call upon the design consciousness of all SMEs in China. Innovation is to be shared. All award-winners are entitled with full channel business promotion to buyers at home and abroad.

Get united, all designers across the nation.

Get united, all SMEs around the country.  
Get united, all that expect Made in China to be more beautiful.

Foreign Businessmen Invited as Observer Group in 2013 Annual Awards of "The Beauty of Made in China"

It is particularly worth mentioning that members in the foreign chamber of commerce are invited this year to form an observer group. They are to offer valuable suggestions for the insiders of "Made in China".

2013 Annual Awards of "The Beauty of Made in China" build a communication platform for Design Organizations and SMEs.

# SPORTING GOODS & RECREATION

From Jan. to Apr. in 2013, sporting goods exports totaled \$ 3.332 billion, an increase of 2%, mainly exported to USA, Hong Kong, Germany and other countries / regions, and the amount of exports to the U.S. accounted for 34.51% of total export amount. The major global sporting goods demanding countries are USA, Japan , Germany and so on. USA is the biggest demand country among them, and the total imports amounted to \$ 5.86 billion from Jan. to Apr. in 2013.

Zhang Mei, The head of Equipment Center Exhibition Department, State Sports General Administration, revealed in an interview with reporters in Mar.

20, 2013 that the number of China's sporting goods exporting countries has now accumulated to more than 110.

Among them, the processing trade exports, as the key part, contribute significantly. These products are mainly sports equipment, shoes, clothes and other products, and cheap is its main advantage. In this regard, Zhang Mei said that among many export countries and regions, the USA, Hong Kong, Japan, Germany, the United Kingdom ranked the top five Chinese sporting goods exports, up to 65% of the total exports, , which are the important overseas markets.

However, Zhang Mei said, influenced by the wide-

## Chinese sporting goods market industry begins to transfer to emerging markets

spread impact of the world economic crisis, the international sports market currently shows a general downturn, and as the world's second largest country in manufacturing China naturally cannot be spared.

According to "China sporting goods industry 2012 annual report" shows that year, six major domestic famous brands total inventory amounted up to 3.721 billion yuan, getting increased compared to 3.699 billion Yuan in 2011, which directly resulted in the collapse of rave brand stores.

In response to this phenomenon, Peng Xiao, the deputy director of State Sports General Administration, had clearly expressed that there are indications show that Chinese sporting goods industry has entered 'winter' time.

Zhang Mei told reporters that in order to usher in the "spring" as early as possible, and deal with the trade barriers, tariffs and other "disorder" created

by the traditional markets of Europe and USA in responding to the saturated market, Chinese sporting goods market industry is now beginning to transfer to emerging markets of Brazil, India, Middle East, etc.

Especially in Brazil, a series of global competitions will be organized in the next few years. It has become the "Hotcake" in the world sports market.

"It is the market that we are going to further develop", Zhang Mei explained, as the fifth largest country in the world, Brazil has a large population, a huge potential market. But the development of sports equipment in the industry is not mature, many products rely on imports. In the next few years, many events as the world cup, the Olympic Games and other events will be held in Brazil. Because of the above reasons, we are positive on the market. Besides, the research on Sports Expo exhibitors shows they are also optimistic about this.

# Need reliable suppliers?

## What are Audited Suppliers?

With thousands of Chinese supplier members on Made-in-China.com, one problem that many Buyers face is, being able to differentiate between suppliers. SGS, the world's leading inspection, verification, testing and certification company, personally and individually tests and audits our Audited Suppliers to make sure they meet world class standards.

## What is Audit Reports?

Get the comprehensive capacity information of Audited Suppliers.

Audit Reports provide buyers with critical facts concerning the Audited Suppliers, such as business licenses, production capabilities and quality control system. Audit Reports produced by SGS the world's leading inspection company helps the buyers compare potential suppliers to select the best.

## Feedback

### Pekeplast

To learn more about suppliers on the internet because I couldn't visit them

### Andersj

To evaluate if a potential supplier was manufacturer or trader

### Ino

To know if the selling company is actually a manufacturer of the target product as he claims or he is just a trader selling any body's product.

### Marcio costa

It show the financial capacity of the company when you must made an advanced payment

### Mr. Wu

#### Shanghai Liaosion Lighting Co., Ltd.

Evaluation: Mr. Wu said that he was a loyal customer of Made-in-China.com and focused on network maintenance. This year Mr Wu applied Audited Supplier services and became more confident because he owned good quality products and a wonderful platform for product promotion. Also he did well in account optimization on Made-in-China.com, which help him be more excellent than other competitors.

### Miss Qian

#### Lanxi Lanya Illumination Equipment Co., Ltd.

Evaluation: While talking about promotion effect, Miss Qian highly appreciated the targeted inquiries and high-quality buyers from Made-in-China.com. Also, Miss Qian said that the effective promotion way and a high level of Audited Supplier services from Made-in-China.com could not be ignored.

### Mr. Chen

#### Dongguan Topleader Import & Export Co., Ltd.

Evaluation: Why choosing Made-in-China.com? Mr. Chen said that Made-in-China.com won our trust because of good reputation and company strength. What's more, Mr. Chen appreciated the highly targeted inquiries and professional Audited Supplier services.
